POWER YOUR POTENTIAL

KnowledgeWave Training introduces the exact training you want without traveling expenses or time: **KW-RCI, or KnowledgeWave Remote Classroom Instruction**

With KnowledgeWave's new RCI technology, I was able to immediately enroll in a class that I would have otherwise had to wait months to attend. RCI allowed me to take the class I wanted, when I needed it, and without having to travel out of state to do so.

KW-RCI meets your training needs:

- ▶ Expanded catalog of highly specialized classes
- ▶ Over 90% of students enrolled in KW-RCI classes will have their classes run—cancellations are rare
- ▶ Your IT staff can train at our highly hospitable nearby South Burlington facility
- ▶ The full spectrum of benefits you've come to expect of KnowledgeWave Training's instructor-led classroom training are yours with KW-RCI

How KW-RCI Provides the Best Training while Saving Money and Time

- ▶ **Greatly expanded catalog of highly specialized classes** we now can offer. The variety, depth, and breadth of our technical course offerings has now tripled.
- ▶ **Over 90% of students enrolled in KW-RCI classes will have their classes run**—cancellations are rare. The training portion of your project schedule can continue as planned without delay. You can trust the schedule. Because of the distributed nature of RCI training, meeting class enrollment minimums is almost never an issue.
- ▶ **Your IT staff can train at our highly hospitable nearby South Burlington facility.** There's no need to send your valuable people away for long periods at great expense. You save time and money.
- ▶ **The full spectrum of benefits you've come to expect of KnowledgeWave Training's instructor-led classroom training are yours with RCI:** students can fully interact with each other and with the instructor. Students can ask questions and the instructor can facilitate discussions and hands-on exercises.

Problems with the current training situation

- ▶ Classes are not available at all
- ▶ Classes are not available when you need them
- ▶ Classes are not available conveniently nearby
- ▶ Classes were cancelled due to low enrollment
- ▶ Many existing e-learning methods are inferior to live instructor-led classroom training.
