**APPLICATION CLASSES**

At KnowledgeWave, we offer extensive training on many different Computer Applications Programs. As a computer professional, you need to develop true competence in new skills, not just receive an overview of syntax and techniques. That's why our instructor led training employs hands on practice for at least 80% of the time in class. Your experience directly applying new skills leads to clarity, confidence, and true competence.

**TECHNICAL CLASSES**

Vermont's only Microsoft Gold Partner for Learning Solutions and Citrix Authorized Learning Center, KnowledgeWave also delivers Cisco® Training as a sponsored organization of an authorized Cisco Learning Solutions Partner. This means you can be sure our materials, instructors, course design and formatting meet or surpass industry guidelines.

**WEBINARS**

KnowledgeWave Webinars are live training delivered over the web with video and sound. Webinars are your learning resource for concise, subject-specific learning. An organization is only as good as its people, and the performance of an organization's people is improved through comprehensive, effective, and fun training (that's right, we said fun). Stay on the cutting edge of technology and save travel time & expenses with Webinars. To see a complete description of each Webinar visit our Webinar page at <http://www.knowledgewave.com/webinars.html>
